

## WHERE'D YOU GO? } for orthopedic care.

In St. Louis, where you went to high school says a lot about you. So does where you went for orthopedic care. And people like Clare Ernst are saying great things about St. Anthony's Medical Center. This Northwest High Blue Devil knows a thing or two about great care. That's why she went to St. Anthony's for a total knee replacement. The choice was easy – it's one of the region's largest orthopedic programs and leads the St. Louis area in hip and knee replacements.

At St. Anthony's, Clare had great support before, during and after her surgery. Six of her best girlfriends from the Northwest High days helped her recover and get back to the things she loves – enjoying life.

I went to St. Anthony's. Where'd you go?
